NATIONAL CATHOLIC LABOR CONVENTION

OTTAWA, Sept. 27.—That the Federal Government be requested to adopt the necessary measures to check rural depopulation, was the effect of a resolution unanimously adopted at last night's session of the annual convention of the National Catholic Labor Union in Hull. Several speakers stressed the importance of increased production of foodstuffs and raw materials, and suggested that the Government might do many things not only to keep the country people on the farm, but to encourage others to take up farming.

Another resolution which was given hearty support called upon the Government to pass a law forbidding the employment of girls under 16 years of age in stores and factories. Embodied in the same resolution was a request that a law be passed making it compulsory for all stores to close every night in the week at 8 o'clock.

A letter was read from His Holiness Pope Benedict wishing the convention every success, and hoping that the delegates would be imbued with a real Christian spirit throughout their deliberations. This was received with great acclaim.

The Federal Government will be asked to suspend all immigration except for bona fide farmers for three years.

FARM IMPLEMENTS REDUCED IN PRICE

TORONTO, Sept. 27.—Two of the leading firms manufacturing farm implements, the Massey-Harris Company, with headquarters in Toronto, and the Cockshutt Plow Company of Brantford, have announced reductions in prices of from 15 to 20 per cent.

Thomas Bradshaw, treasurer of the former company, said last night that the cuts would cover the range mentioned, and that the average would be about 18 per cent.

The reductions apply to all finished implements stored at the dealers' or in the different branches, and is based upon an estimate of the lower cost of production, although the implements now being offered for sale were produced under higher cost conditions.

Grand Trunk Earnings
MONTREAL, Sept. 27.—Grand Trunk Railway earnings for the week ended September 21 were \$2,377,977; decrease, \$296,485.

Their Medicine Chest For 20 Years

It is characteristic of folks after they pass the allotted "three score years and ten" to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Buller, Me., making and selling a valuable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their harmfulness would be reduced by the addition of a certain amount of the active ingredients, and that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, were simply acting on the upper or small intestine, while others would act only on the lower or large intestine, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening reactions, and make the user feel better at once.

After experimenting with hundreds of different compounds, I had perfected the formula that is now known as Dr. Lewis' Medicine, which I truly believe goes further and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Dr. Lewis' Medicine as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Dr. Lewis' Medicine from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to see each day and read the letters that come from people who are old or older than I, who tell of having used Dr. Lewis' Medicine for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a comforting thought, my friends, for a man of my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a bottle of Dr. Lewis' Medicine (No. 1) and will be better, healthier, happier people for it. I hope you will be one of them.

Dr. Lewis' Pres.

OUTPUT OF COAL HAS DECREASED

Production of Canadian Mines for Six Months Is Only 86 Per Cent of That in Similar Period Last Year

OTTAWA, Sept. 27.—The output of coal from Canadian mines during the first six months of this year declined to 46 per cent of the amount produced in the similar months of last year, but was five per cent in excess of the output for the same six months of 1919. According to the Dominion bureau of statistics, New Brunswick was the only province which equalled the output of 1919. New Brunswick's output was 194 per cent of that of 1919; that of Saskatchewan, 84 per cent; British Columbia, 81 per cent; Nova Scotia, 87 per cent; and Alberta, 79 per cent.

The total output for Canada during the six months was 6,782,060 tons, with a total value of \$23,882,862, or an average per ton of \$3.52.

New Brunswick's output was 69,220 tons of bituminous, with an average of \$3.74 per ton.

Alberta turned out 46,402 tons of anthracite, average value \$3.52; 1,261,030 tons of bituminous, average value \$4.87; and 1,115,212 tons of lignite, average \$4.49.

British Columbia's output was 1,385,232 tons bituminous, average value \$4.19 a ton.

Saskatchewan produced 145,294 tons of lignite, with an average value of \$2.42.

Canada's total importations of hard and soft coal for the six months of this year amounted to 8,819,246 tons, against 6,769,709 tons in 1920 and 6,782,757 tons in the preceding year.

PARTIES PLACE MEN IN FIELD

Cariboo Farmers Choose T. C. McBride—Mr. Fielding in Shelburne—Various Nominations Made in East

KAMLOOPS, B.C., Sept. 27.—Thomas C. McBride, of Buck Lake, has been nominated as the candidate of the Farmers' Party for Cariboo federal riding.

SHELBOURNE, N.B., Sept. 27.—Hon. W. B. Fielding was again the unanimous choice of the Liberal convention of Shelburne-Queens this afternoon, to represent them in the Dominion election.

ANDOVER, N.B., Sept. 27.—At the convention of the United Farmers of Carleton-Victoria, held here yesterday, Thomas W. Caldwell, of the latter town, was nominated. Hon. R. Frank Smith, of East Florence, still declined to allow his name to go before the convention after he had been proposed, declaring that while there were many things commendable in the United Farmers' platform, he could not subscribe to all the policies of Mr. Cramer, and did not think anybody could and properly protect the interests of the Eastern farmers.

QUEBEC, Sept. 27.—At the Liberal convention of Bonaventure county, held Saturday, Hon. Charles Macdonald was unanimously chosen as Liberal standard-bearer in the coming federal elections.

ANTIGONISH, N.S., Sept. 27.—F. W. Melrose was nominated by the Liberals of Antigonish-Guyabro to represent them in the coming elections here yesterday. John H. Sinclair, who recently announced his resignation from politics, now represents the riding.

SAULT STE. MARIE, Ont., Sept. 27.—T. K. Simpson, M.P. for West Algoma since 1915, was last evening nominated at the convention of the National Liberal Conservative party here as a candidate in the forthcoming election.

WALKERTON, Ont., Sept. 27.—E. Trux, M.P., will again carry the Liberal standard in South Bruce.

PICTON, Ont., Sept. 27.—James R. Anderson, of Ameliasburg, and local U. F. C. vice-president, is the Progressive nominee to contest the riding of Prince Edward.

DUNVILLE, Ont., Sept. 27.—Samuel A. Beck, of South Cayuga township, was today nominated Progressive candidate for Haldimand county constituency.

DURHAM, Ont., Sept. 27.—Miss Agnes Campbell was today chosen to carry the Progressive standard in Southeast Gray.

EMERALD, Ont., Sept. 27.—Colonel James Arthur, M.P., will again contest the riding of Northumberland for the Conservative party.

DEARPORT, Ont., Sept. 27.—R. H. Halbert, M.P., was today nominated Progressive candidate in Ontario North constituency.

CHILLED MEAT FIRM GIVES UP BUSINESS

LONDON, Sept. 27.—Shareholders of the Improved Chilling and Transport Company, Limited, at a meeting held at Winchester House, London, passed without discussion, a resolution that the company be wound up as insolvent, and that the affairs be voluntarily liquidated.

The authorized capital of the company was placed at £100,000, in 11 shares. The paid-up capital amounted to half a million pounds sterling.

The company has disposed of its Canadian rights to the Canadian Chilled Meat Company for minimum royalties of 20 pence per head for cattle and 15 shillings per ton of bacon and pork.

CZECHO-SLOVAKIA ACTS AS MEDIATOR

PRAGUE, Sept. 27.—Dr. Eduard Benes, Czecho-Slovak foreign minister, has returned from Brunn where he conferred with M. Benffy, former foreign minister of Hungary, relative to the Burgenland controversy between Austria and Hungary. It is believed here that his mediation has been successful in view of the Allies' object to the general lines of the agreement.

It is understood the proposals would involve the retirement of Hungarian forces from West Hungary, with a treaty by which Austria would return to Hungary the town of Odenburg, perhaps in exchange for economic concessions.

This getting together of Hungary, Austria and Czecho-Slovakia is regarded as one of the most important developments in Central Europe since the war, reflecting, according to some views, emancipation from the tutelage of the Allies.

REICHSTAG HAS HEAVY AGENDA

Much Important Legislation Waiting for Session That Opened Yesterday—Acrimonious Debates Expected

BERLIN, Sept. 27.—Important legislation awaited action by the Reichstag when it reconvened here today, this session of the German parliament being considered the most important held since the Treaty of Versailles was signed.

Ratification of the peace treaty with the United States, tax measures and laws calculated to bring order out of the chaos prevailing in Germany's finances were on the calendar, and these threatened to be partisan acrimonies as a result of the assassination early this month of Matthias Erbsberger, former vice-chancellor.

Interest centered today on the proposed reconstruction of the German cabinet, and it was expected there would be a proposal that the present coalition would be extended by the inclusion of representatives of the German People's Party.

The majority Socialists continued to assert their allegiance to Chancellor Wirth, despite his announced readiness to co-operate in a government in which the German People's Party would be represented.

The date for ratifying the United States peace treaty had not been fixed today. The government desires to have the treaty disposed of without extended parliamentary debate, but it was declared today it was not desirous of anticipating the vote on the treaty in the United States Senate.

Trading on the bourse yesterday was feverish, the mark being quoted at 1.17 1/2 and the volume of trading being unprecedented. The absence of the Reichstag from the present hectic movement of quotations as "the prelude to the coming great smash."

STATION PASSES SEARCHING TEST

Experiments With British Wireless Plant at Leafield Are Successful—Work on Chain Will Now Proceed

LONDON, Sept. 27.—Entirely satisfactory results have been attained in the experiments at Leafield, Oxfordshire, the British end of the Imperial wireless chain, which were formally opened September 15.

The station, the next link in the system, will be completed before the end of the year. Experiments have been made to produce a wireless station in Leafield, Oxfordshire, the British end of the Imperial wireless chain, which were formally opened September 15.

MANY WORKMEN SENT TO RUSSIA

Groups of Men Trained in U.S. Will Aid Soviet Government in the Re-establishment of Industries

NEW YORK, Sept. 27.—American-trained workmen who emigrated from Russia and some other nationalities are being mobilized in this country and sent to Russia to aid the Soviet Government in the re-establishment of Russian industries by the society for technical aid to Soviet Russia.

Officials of the society announced today that three groups of co-operating workmen—two of mechanics and one of tailors—had reached Moscow. The tailors' group consisted of 120 men and they were accompanied by equipment for a shop for 600 workmen.

A second tailors' group of more than 100 men, with more than \$20,000 to buy machinery and equipment, is being organized, it is stated.

A copy of the Ekonomicheskaya Zhizn, of Moscow, the official Soviet periodical, just received, contains an article by L. C. A. Martens, former Soviet agent in the United States, which says:

"It would be difficult to estimate to what proportions the influx of workmen into Russia may grow, but the figure of 100,000 persons passing into Russia in a year will hardly seem exaggerated in the eyes of those acquainted with American conditions."

The article states that 35,000 workmen were registered by the Soviet mission in America and that thousands of others have been signed through the various societies aiding the movement.

TWO MEN LOST ON SUBMARINE

Fatalities Result When R-6 Sinks in Los Angeles Harbor—One Is Caught in Submerged Vessel

SAN PEDRO, CAL., Sept. 27.—Two men lost their lives when the submarine R-6 sank in Los Angeles harbor last night, it was officially announced today by Rear Admiral Herman O. Stickney.

A third man, who was missing, and who for a time was thought a possible victim of the accident, has been accounted for, together with all other officers and men of the submarine.

The dead are: J. E. Dreffin, seaman; Vincent Spaulding, seaman. Dreffin was drowned when, as the R-6 sank, he was thrown into the harbor waters from the open conning tower. A sailor from the Camden, the mother ship of the submarine, to which the R-6 was moored, dived from the Camden in an effort to rescue Dreffin, who could not swim. Dreffin, however, broke away from the other sailor and soon sank. His body was recovered last night.

Spaulding, it was stated, had unquestionably been caught in the sinking vessel and had been drowned when the water poured into the craft through open vents and conning tower.

RAILWAY COMPANIES COMPLAIN OF TAXES

LONDON, Sept. 27.—British railway companies are approaching local municipal councils in various places declaring their inability to continue to pay local taxes on the present basis of assessment.

The Great Northern Railway's case, for instance, has increased 134 per cent. The companies argue that while they have been empowered to increase their rates for passengers and freight, their working expenses have increased to a far greater ratio.

AMERICAN LEGION WILL SEND DELEGATES

OTTAWA, Sept. 27.—The American Legion, representing over one million ex-service men in the United States, has notified C. G. Macneil, Dominion secretary-treasurer, that the U. S. A. that D. F. Stock, of Ottumwa, Ia., and Edward J. Barrett, of Rheboyan, Wis., will be the fraternal delegates to the annual Dominion convention.

PAINFUL DIARRHOEA CRAMPS IN STOMACH

Mr. Fred Fensholt, Crak, Saskatchewan: "A year ago last harvest I was taken with a sudden attack of diarrhoea which completely laid me out, and in a few hours I had to quit work. The cramps in my stomach were dreadful, the beads of perspiration would stand out on my face at times I was in such great distress. At last I got a chance to send to town for a couple of bottles of Dr. Fowler's Extract of Wild Strawberry. I used it according to the way I found it, and obtained a great change for the better, for which I was very thankful. I don't know what the cause of my sickness was except the extremely hot weather and the active work of stacking the wheat."

"Several of my neighbors were taken the same as myself and had the doctor attend them, but they didn't get any great relief until I advised them to use 'Dr. Fowler's' when they they soon experienced a great change."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 75 years and many cheap imitations are being offered in the public.

Be sure and get the genuine put up only by The T. Milburn Co., Limited, Toronto, Ont. Price, 50¢ a bottle. (Advt.)

of the G. W. V. A. at Port Arthur in October.

Each of these men is the legion department commander of the state in which he resides.

Owing to the convention of the American Legion in Kansas City, the national commander, Mr. E. Merry, has found it impossible for him to go to Port Arthur.

BANK LIABILITIES AND ASSETS DECLINE

OTTAWA, Sept. 27.—A further decline in total assets and total liabilities of Canadian banks is shown by the statement covering the month of August, which was issued by the Department of Finance today.

Total assets at the end of August amounted to \$2,766,743,621. At the close of the previous month they totaled \$2,794,383,386. This is a decrease of \$27,639,765 during August.

Total liabilities fell from \$2,650,

\$26,735 at the end of July to \$2,477,247,440 at the close of last month, or a falling off of \$21,982,275.

Church Reunion Movement
LONDON, Sept. 27.—Movements toward church reunion are strengthening throughout England and Scotland. Evangelical free churches have decided to seek a further conference with the bishops of the Church of England regarding the question of reunion. It is thought generally that the bishops must yield a great deal on the question of ordination to give any chance of success to the movement.

CRAIG DARROCH CAST

VICTORIA COLLEGE**OPENS IN NEW HOME**

One Hundred Students Expected to Enroll—Principal Paul Is Well Satisfied With the Accommodation

The Victoria College, operating in affiliation with the University of British Columbia, was opened yesterday morning at its new home in Craigdarroch Castle.

Most of the time was given over to registration and lectures will not be started until today, Principal E. B. Paul stated last night.

"Everything relating to the new quarters is satisfactory and could not easily be improved upon," said Mr. Paul. "Seventy-one first-year students were enrolled yesterday and eighteen for the second year. That is not quite as many as anticipated, but I expect that these numbers will shortly be increased, to make the total at least one hundred. Several young men who intend to take the course this year have been unable to leave their places of work in time for the first day of the term, but they will be back soon. There is likely to be an increase of about thirty students over last year."

Few alterations have been necessitated by the establishment of the college in Craigdarroch. The big advantage of the new location is the increased accommodation, and it will now be possible to substantially increase the enrollment without causing congestion in the old school building.

Mr. Alex. G. Smith, former principal of the High School, and now associated with the Spotschaw Business Institute, will conduct history classes at the college. It was announced yesterday.

PREMIER LAYS DOWN HIS CAMPAIGN LINES IN HIS HOME TOWN

Continued from Page 1

for Canada today. I am here to ask from men, and from women, a calm, thoughtful consideration of public problems, and so far as I am concerned myself, I ask not favors, but fairness."

There had been reports that, in face of the tariff issue, he intended to desert Portage la Prairie and seek refuge in a safer seat. "My first word, then, is this," Mr. Meighen proceeded, "and I thought I had entered my mind. I want to reason out this tariff question right here with the people who know me, or ought to know me. This is the constituency that I shall contest, and you may rest assured I do not intend to desert it, and I do not think you intend to desert me. It is here that I will run in this campaign. If the people want me to run, and I shall certainly run nowhere else."

Tariff Is Issue

What was the issue? Every man and woman knows that in federal politics the tariff has been made the issue by the "Wood-Crerar" party. That issue they had pressed insistently. Their cry had been "On to Ottawa," for the purpose of overthrowing the platform of the Liberal government, the Mackenzie King Liberal opposition, seeking to take advantage of the anti-tariff propaganda that had gone on for years in Western Canada, had been challenging the tariff system in force for 40 years, challenging in Parliament and out of Parliament and demanding an election upon it. They had done it, in order to take advantage of the campaign waged in Western Provinces. Promises to sweep out of office a long series of classes of articles were made in the platform of the Mackenzie King Liberal party.

"The reason they made that solemn pledge," Mr. Meighen declared, "was to use the political Farmers' movement of Western Canada as a stepping stone to put themselves into power. There is not a man who was at that convention who would today challenge that statement and look his fellows in the face. I believe everybody in Canada knows that statement to be true."

Uncertainty

As a consequence, there was uncertainty as to what the tariff policy was to be. Industries in every city and every town had hesitated to plan for the future because they did not know what the future was going to be. Unemployment, that under the best of conditions would, in the present state of the world, be bad, had been as a consequence of this uncertainty, worse than it otherwise would have been. "There is not the least doubt," Mr. Meighen went on, "but that tens of thousands of men are out of work today because the thousands of industrial establishments throughout our country do not know whether stable conditions are going to obtain or whether they are not. They do not know whether it would be safe to rely upon a degree of reasonable protection here, such as they could get in other countries, or whether to rely would be disastrous." Because of

that state of affairs, the gambler had been taken up, and it announced to the people of Canada that the thing to do in the interest of everybody was to decide this issue and decide it now. Consequently we will have a general election in Canada before this year is out."

Redistribution Impossible

The progress made with the census had not been enough to enable the Government to have any redistribution unless another Parliament were held, and as a consequence, the deciding of the tariff issue was delayed for 18 or 20 months. The Government decided that to hold matters in suspense for that length of time for the sake of redistribution was not justifiable and if another decision had been come to, Mr. Meighen would have felt himself responsible for thousands of men going without work and thousands of families being in want because of the delay involved. "I feel justified in saying here as well," he continued, "that the returns will not be completed as required by law till close to the end of the year, that there is every indication that these three Western Provinces would obtain by redistribution a much less increase in representation than they had expected; indeed, the change will be comparatively little in the case of any Province in the Dominion, and what the rural parts of Western Canada would gain, the rural parts of Eastern Canada would lose at least twice over. Consequently it is all misrepresentation to argue that by calling the election now any advantage is taken of the Wood-Crerar political party."

Challenge Taken Up

"On the contrary, the advantage is with them and not against them. You must remember as well that last session Mr. Crerar and all his party voted to dissolve the House and then go to the country without any redistribution. The fact is the whole of them were almost struck dumb when the challenge they had so loudly sounded was taken up and the leaders of both the Crerar party and the King party hasten to explain to the people that the tariff issue was not the issue at all, but a lot of other things that we had heard mighty little of before. It was indeed an amusing sight to see them scrambling here and scrambling there, the leaders of the King party in the province of Quebec declaring that there was no tariff issue at all, that they were protecting us every day of the week, and that they repudiated the Farmers' platform, while Mr. Crerar says there is some issue about the National Highway and some issue about the national debt, and about economy and seeking, all of a sudden, to create the impression that this tariff question did not matter so much after all. I am ready—and every day of the campaign, however long it lasts, I will show that I am ready—to meet these men on any issue, on any subject, wherever they may run, but I am determined that the tariff issue, which they challenged, they will never escape from, and that this country will settle that issue and settle it now."

Two-Party Game

There was a novel feature of the campaign. The government had two parties opposed to it and not one, as in former years. A child could understand the game. The wing that hoped to carry Quebec, and do at least something in Eastern Canada, believed that they could never win a seat there on the programme that they would have to preach in order to carry Western Canada. Consequently the enemy appeared in two divisions, one fighting on what they called the Farmers' platform, and the other in selected rural seats, and the other talking straight protection and trying to be elected on straight protection in all the rest of the Dominion.

But both wings have tied themselves down to definite platforms. The Wood-Crerar party stood on its platform still, though not wanting to draw too much attention to it. The Mackenzie King Liberal group had, of course, in convention believed in fragments and burning it in effigy on every platform on which they had spoken.

His Own Position

"It will not take me long to tell you where I stand," Mr. Meighen said. "You have known all my life where I stood on this issue in 1908, in 1911, and as in 1911, I stand today. I am against the platform of Messrs. Wood and Crerar—wholly immovably against it. I believe it is unfair. I believe it is unjust. I believe it is wrong, and I have not the least doubt that if it is put into effect, it will bring disaster, and by disaster I mean disaster to the whole country. I do not mean disaster only to a few. Surely those words are plain enough. No matter what the consequences, I take my stand now and pledge myself once again to resist the programme of the Wood-Crerar party as long as there is strength in me to resist anything."

"I am against the Mackenzie King Liberal platform, and I stand on the first line to the last. It is not only wrong and pernicious as public policy, but I do not believe, and never did believe, that those who adopted that platform in convention believed in it themselves. That platform was conceived by men who knew it was unsound, who knew it was impossible, and who erected it only for the sake of enticing a large section of the vote of this country which they intended afterwards to betray. If any one here

thinks that language strong, then I ask you just to read their platform and then read the speeches that the makers of the platform have delivered within the last week in the province of Quebec."

Wood-Crerar Platform

Mr. Meighen knew that all kinds of influences had been brought to bear upon the electors not to listen to any argument at all against that "sacrosanct production," the political programme of the Wood-Crerar party. But the right to think things out thoroughly and to understand them thoroughly was something which no propaganda could take away. He assumed that Mr. Crerar and Mr. Wood meant what they said when they pledged themselves to their platform, although when Mr. Mackenzie King was asked if he considered himself bound, in the terms of the resolution adopted by the Liberal convention, to put all implements of production and foodstuffs on the free list and increase the British preference to 50 per cent, he replied that those pledges were simply chaff. Mr. Mackenzie King told his audience, continued Mr. Meighen, that the letter of these pledges would kill him, and that when he got into power he would do whatever those about him advised him to do. In view of the "flagrant apostasy" of Mr. King, was it not better that the leader of the other group should put on record now whether he meant to do what his platform said or to call it a chaff and to do what those around him said?

Means No Protection

Mr. Meighen here read the tariff plank from the programme adopted by the Canadian Council of Agriculture. Mr. Crerar, he went on, had said that he did not want free trade. "Perhaps he does not want all duties off on every class of goods, but if he does mean that platform he means that there must be no duties left that are protective duties; that is, no duties left on goods not made in this country, and that does not mean protection at all. That is merely a tariff for the sake of revenue, whatever revenue it would bring. But this platform of Wood and Crerar denounces protection of every kind, and it protection of every kind is wrong, then we should not have protection. It is all humbug to talk about getting rid of something that is wrong by easy stages

Question of Industries
"What is the sense of singling out great and vital, indeed, fundamental, industries of this country and stripping them bare of every shred of protection and leaving those far less important, far less vital to the country, enjoying any measure of protection? Such a course of conduct is indefensible from any standpoint whatever. It never was tried in any country, and it cannot be a success in Canada. The case between the policy of the country for the last 40 years and the Wood-Crerar platform is a case between protection and no protection, and it is that case this country is going to decide when it

When Your Appetite Fails

This Is What You Need

When the very thought of eating makes you feel dazed, when you're run down, stomach is bad, when you need a real housecleaning with Dr. Hamilton's Pills. They tone up the liver, assist the stomach and improve digestion. The taste becomes aware of new flavors in food you never noticed before. You'll look and feel a whole lot better after using Dr. Hamilton's Pills. Many folks use this fine old remedy and nothing else, and keep in the pink of condition all the time. EAST INDIANS MOVE FOR EQUAL STATUS

LONDON, Sept. 27.—(Reuters) The Indian Government has accepted the resolution moved in the council of state that steps be taken to secure for the Indians in South Africa a status equal to that of other subjects of the British Empire.

The Government's approval was obtained on the understanding that they would not attempt to secure drastic radical changes in obtaining the status asked for. It was pointed out that the Government of South Africa

had recently disallowed two other ordinances which were intended to further endanger the position of the natives of India residing in South Africa. This was argued as a happy sign that the South African Government would not easily succumb to extreme radical prejudices.

The hope was expressed that the dominions would soon realize their mutual dependence and broaden their outlook. Thus it was pointed out the remedy was only a matter of time.

ASSEMBLY CONSIDERS ECONOMIC BLOCKADE

GENEVA, Sept. 27.—(Debate on phases of the economic blockade as a weapon against nations which violate the covenant of the League of Nations) was resumed by the assembly of the league today.

At the opening of today's session, President Van Karnebeek announced that Cuba had ratified the statutes of the league today. Lord Robert Cecil, representing the Union of South Africa, warned the assembly against the danger of the league ran of earning the name of a "super-league" if it tried to make its rules for the use of the blockade too imperative to its members. For that reason, he opposed the amendment giving the council of the league power to fix the absolute date upon which the blockade would be applied.

RELIEF AT LAST

I want to help you if you are suffering from bleeding, itching, blind or protruding piles. I can tell you how, in your own home and without anyone's assistance, you can apply the best of all treatments.

TAX SALE LISTS HAVE BEEN ISSUED

Amount of Property to Be Offered This Month Less Than Half Volume Disposed of One Year Ago

Lists are now being issued at the City Hall, giving a list of the owners of delinquent property that will be offered by the tax sale on Friday, September 30.

According to City Treasurer E. C. Smith, there will be only about five hundred pieces of property placed on sale if the list stands as at present, and it is probable that the list will be considerably reduced as a result of eleventh hour payments.

Beginning at 10 o'clock, September 30, Mr. Smith will place on sale all property in arrears for 1919 and previous years, together with all property in default of which taxes are being paid on the installment plan. The property owners affected have been divided into two classes, A and B. Class A includes those who owe arrears of taxes, either general or local improvement for the year 1919 or any previous year. They must pay all such arrears and accrued interest at 4 per cent.

Class B includes those who are buying arrears on a yearly payment plan, and they must have paid each installment due, including that falling due on September 15 of the previous year, together with interest at 4 per cent and all general and local improvement taxes due up to and including the year 1920.

Tax notices for 1921, showing all payments in arrears, have been sent out by the treasury department. The upset price at which property will be sold at the tax sale includes all taxes to the end of 1921. Indefeasible title will be given free after one year from date of sale, if not redeemed. If redeemed, then 8 per cent will be given to purchaser on amount paid.

This is the second year in which tax sales are not being advertised in the newspapers. Through legislation passed at a recent session of the Legislature, the city was enabled to print its own lists and circulate them to those making application for them. Several hundred lists have been mimeographed at the City Hall and a feature of them is that the names of owners are not given. The lists merely contain the assessment roll number, the lot number, street, location and upset price.

This year's list is much smaller than last year's. It is less than half as large, and the sums involved are not nearly so heavy.

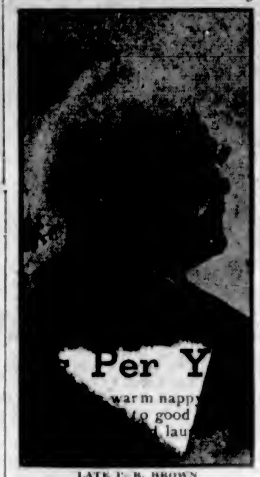

Diphtheria Visitation

REGINA, Sept. 27.—The black diphtheria plague which overtook the community of Honeybrook, northwest of Prince Albert, last week, prostrated several families and accounting for five deaths, has now been completely overcome, according to Dr. F. C. Middleton, assistant to the commissioner, provincial bureau of public health.

CONCESSIONS ASKED ARE "PREPOSTEROUS"

Council Refuses to Entertain Proposition Made by Hirst Woolen Mills—Want Seven Per Cent Profit

Branding the concessions asked by George H. Hirst & Company, woolen manufacturers, for the establishment of mills in Victoria as "preposterous," the City Council, decided Monday night to wire the company to the effect that, while negotiations are still open, it must take a more reasonable attitude if it expects to make any progress.

"There is no use in dilly-dallying and mincing language," declared Ald. Andros. "Their request for a guarantee of 7 per cent return on capital is preposterous, and we might as well tell them so. The trouble is that we started at the wrong end and offered them too much. They think we are easy."

Mr. Hirst is either very simple or else he thinks we are," remarked Ald. Woodward. "He should be told that Victoria does not exist to ensure profits to private corporations. He stands to gain and we to lose everything. I don't see where he comes in at all except in taking profits."

The Council will continue negotiations in an informal way. Here are the concessions asked for by the Hirst interests, set forth in a letter just received by Mayor Porter.

Free from all taxation of every kind for a period of fifteen years, dating from completion of the factory and the machinery delivered and in working order.

Free water required for the factory for the same period as in item No. 1 and the same conditions of water.

Free land to be conceded in perpetuity, site selected the Armadale Estate, or its equivalent in money to purchase the said estate which was offered us through Mr. Hodgson. Employment to be given to 3,500 persons.

No Antiques to be employed. Construction of factory to start about twelve calendar months dating from receipt of signed concession and completion within a period of about two years.

Cost of factory buildings with purchase price of property to be not less than \$750,000.

One hundred city lots to be given free where proposed to build upon and to be held in reserve for this purpose until December 1, 1922. Lots to be taxable after two years from date of occupation.

The State to guarantee 7 per cent on outlay for the period of five years. No taxation of all machinery and motive plant required for the said factory.

OBITUARY NOTICES

BRIGHT—Services were held yesterday afternoon at 2 o'clock at the Thomson Funeral Home, 1435 Quadra Street, for Richard Bright, who passed away at his residence, 1639 Burns Street, on Saturday, September 21. The Rev. Dr. Paul, assisted by the Rev. Mr. Frank, conducted the impressive service. The hymns sung were "Rock of Ages" and "Jesus, Lover of My Soul." There were many friends present and the beautiful flowers showed the high esteem in which the late Mr. Bright was held. The remains were forwarded on the Princess Victoria en route to Austin, Manitoba, where the remains will be laid to rest in the family plot.

KIRK—The funeral of Mrs. Jane Kirk will take place this afternoon at 2:30 o'clock. Services will be held at the Thomson Funeral Home. Rev. Dr. Campbell will officiate. Interment will be made in Ross Bay Cemetery.

McLAREN—The funeral of Matthew McLaren, whose death took place last Saturday at his home, 2578 Fifth Street, was held Monday afternoon at 2 o'clock from the Sands Funeral Chapel. Relatives and many friends were in attendance, and the many flowers testified to the respect in which the late Mr. McLaren was held. Rev. Dr. Campbell officiated and the hymns sung were

GIRLS! LEMONS BLEACH FRECKLES AND WHITEN SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of the best freckle and tan bleach, and complexion whiter. Massage this sweetly fragrant lemon lotion into the face, neck, arms and hands each day and see how freckles and blotches bleach out and how clear, soft and rosy-white the skin becomes. (Adv.)

The flowing back—a style feature of the new

Coats for Fall

PARTICULARLY graceful is this type of coat on the girlish figure because the flowing or marchioness back falling in loose folds of the luxurious new materials gives that impression of being "beautifully warm." This is but one of many smart coat modes now displayed at this store—each design selected to meet the requirements of a particular type of figure. Only from such a selection can individuality in dress be achieved. Coat prices at this store range from

\$25 to \$75 and Up to \$195

Scurrah's
728-734 Yates St. Telephone 3983

"Abide With Me," and "Jesus, Lover of My Soul." The following acted as pallbearers: Messrs. L. McNutt, G. A. McNutt, J. W. Calvin, J. J. Gillis and Geo. McGregor. Interment was made in Ross Bay Cemetery.

WEST—The funeral of Mrs. Edith West, whose death took place on Saturday at Colquhoun, took place yesterday afternoon at 3:30 o'clock from the Sands Funeral Chapel. Relatives and friends were present. Rev. F. A. P. Chadwick officiated and interment was made in Ross Bay Cemetery.

JEWELL—The death occurred yesterday morning at Jubilee Hospital after a prolonged illness of Frank F. Jewell, of 215 Beckley Avenue, son of the late Henry Jewell, a pioneer resident of Victoria. The late Frank Jewell was forty-eight years of age, and a native of this city, where he has lived practically all his life. He is survived by his widow, three daughters and one son, Miss Mona T. Hazel E. Doris A. and Henry L. Jewell, all of this city. There are also two brothers, Albert E. Jewell, of Seattle, and Melville L. Jewell, of Vernon, B.C. The remains are resting at the B. C. Funeral Chapel, and due notice of the funeral will be given.

ELMSLIE—The funeral of John Robert Elmslie, of Chase, B.C., who died in this city on Sunday, will take place this afternoon from the B. C. Funeral Chapel at 1:15 o'clock, where service will be conducted by the Rev. A. deB. Owen. The deceased was fifty years of age, and born at Glasgow, Scotland, and has only been in Victoria for the past three weeks. He was a member of the Masonic Order. Interment will be made in Ross Bay Cemetery.

MARON—With full military honors the remains of Major John Maron will be laid to rest in Ross Bay Cemetery this morning. Services will be conducted in the B. C. Funeral Chapel at 10:30. Rev. G. H. Andrews officiating.

NORTHWICK—Many friends of the late Ralph Northwick attended the last rites over his remains yesterday afternoon, in the B. C. Funeral Chapel, where service was conducted by the Rev. A. deB. Owen. Among those present were a few of the fast dwindling pioneers, some of whom had known and been associated with him for three score years or more. Members of No. 1 Lodge, I. O. O. F., and other Odd Fellows attended in a body, and a delegation was also present from the Masonic Order. Two hymns were rendered, "Rock of Ages" and "Jesus, Lover of My Soul." At the cemetery, the Odd Fellows conducted a short service. Bro. J. A. Gardner, P.M., of Victoria Lodge No. 1, officiating, assisted by Bro. A. Banks. The remains were laid to rest in Ross Bay Cemetery. The following acted as pallbearers: Messrs. W. J. Gower and W. F. C. Pope, representing the Masons; Messrs. W. McKay and W. Pagel, representing the I. O. O. F.; and Messrs. F. A. Jackson and F. A. Gowan. Numerous floral offerings covered the casket.

AUXILIARY MEETS

Satisfaction at the reappointment of Dr. Hasell as medical superintendent of the Provincial Royal Jubilee Hospital was expressed by the Women's Auxiliary of that institution at its first meeting of the 1921-22 season yesterday afternoon, and a resolution welcoming both Dr. Hasell and Mrs. Hasell back to the home which they had occupied for so many years was passed. Mrs. Hasell thanked the members for their kindly expression.

The meeting passed bills amounting to \$629.32, and among the purchases authorized was that of five down vases for use in the wards of the hospital. The buying committee was complimented on their many efficient purchases during the holidays.

Mrs. Andrews of the "Aberdeen," and Mrs. Booth were welcomed as new members.

New business included discussion of the "Musicians' Hall," which is to be held on November 19, and proceeds from which will be devoted to the Jubilee Hospital. The support of all societies in the city is being implored, and it is hoped that organizations of all kinds will give their wholehearted and practical support.

Mrs. Rhodes, president of the Auxiliary, and who presided at yesterday's meeting, was appointed a delegate from the society to the meeting which is to be held this afternoon at the Conservative rooms, Campbell Building, to discuss the arrangements for this ball.

FORMER VICTORIAN DROWNED IN YUKON

J. W. Wilson Meets With Tragic End at Whitehorse—No Details of Accident Are Available

A tragic accident at Whitehorse, Yukon Territory, details of which have not been obtainable owing to there being no eyewitnesses of what happened, caused the death by drowning of a former well-known and popular Victorian, Mr. Joseph W. Wilson, son of Mr. William Wilson, of Quebec Street, member of the firm of A. & W. Wilson, plumbers, Broad Street.

The late Mr. Wilson had lived for many years in the Yukon, being first associated with the Postoffice Department in that Territory, and later as fuel purchasing agent for a transportation company. It was while making a trip from Whitehorse to Dawson in the interests of this company that it is supposed his launch was overturned. The body has not been recovered.

Mr. Wilson was well known in Victoria, and was married to a daughter of Mr. Fred Oliver, late Dominion Express agent in this city. Before leaving for the North, Mr. Wilson had for many years been keenly interested in the volunteers, having been a member of the Garrison Artillery and attained to the rank of sergeant. He was also a prominent member of the old originals of the James Bay Athletic Association, having been one of the club's "Big Four" who captured many rowing trophies in contests all along the coast.

The crowned pigeon is one of the handsomest of the beautiful birds abundant in New Guinea.

efficient purchases during the holidays.

Mrs. Andrews of the "Aberdeen," and Mrs. Booth were welcomed as new members.

New business included discussion of the "Musicians' Hall," which is to be held on November 19, and proceeds from which will be devoted to the Jubilee Hospital. The support of all societies in the city is being implored, and it is hoped that organizations of all kinds will give their wholehearted and practical support.

Mrs. Rhodes, president of the Auxiliary, and who presided at yesterday's meeting, was appointed a delegate from the society to the meeting which is to be held this afternoon at the Conservative rooms, Campbell Building, to discuss the arrangements for this ball.

Window Chief of Police
WINDSOR, Ont., Sept. 27.—The city council last night ordered an investigation of charges preferred against Daniel Thompson, chief of police, by Alderman Frank Mitchell. Chief Thompson, Alderman Mitchell charged, released three men from an alleged disorderly house without an order of the court. Other irregularities are alleged. The police commission will be asked to suspend the chief during the investigation.

MANY ARE THREATENED WITH UNEMPLOYMENT

PORT WILLIAM, Ont., Sept. 27.—According to a report read last night to the Port Arthur City Council, 5,000 men will be out of work there by the middle of Winter. This report will be sent to the Minister of Labor. It was pointed out in the report that work at the Port Arthur Shipbuilding Company will likely close down by November 15. Workmen at Cameron Falls will be laid off within a month or six weeks and cold weather will stop maintenance of way work on the railroads.

HOME ECONOMICS WAS SUBJECT OF ADDRESS

Mrs. Ellen Dabney, of Seattle, Made Eloquent Speech Yesterday Afternoon Before the Canadian Women's Club

An exceptionally interesting address, dealing with the "Value of Home Economics as a Branch of Instruction," was given yesterday afternoon at the Empress Hotel to the members of the Women's Canadian Club by Mrs. Ellen P. Dabney, Director of Home Economics of the Seattle Public Schools.

Mrs. Dabney, who is a brilliant speaker, and who deals with her subject with knowledge acquired through many years of close observation and study, brought before her listeners a very clear picture of the immense value of training the young women of today as "home makers."

"Our young women of today must not lose the vision of their real mission. We have proven, 'our superior intelligence,' said Mrs. Dabney, amid laughter, 'and now we must prove that women can also do their own work.' The speaker laid great stress upon the first impressions made upon young and plastic minds. These, she asserted, are ineradicable and lifelong. Mrs. Dabney deplored the number of divorce cases which are brought into court, and the lightness with which marriage is regarded by a large number of the present day populace. She also dealt with the juvenile courts and other phases of life which followed in the train of a lack of healthy home life.

"It takes more brains to make a home than it does to earn a salary," remarked Mrs. Dabney, and proceeded to outline the essential qualifications of a home maker, who should have a training in business and economics to realize how important the home is as a place of consumption. Sanitation, hygiene and physiology should be so taught that the home maker would be in a measure familiar with the symptoms of illness. "Home economics," continued the speaker, "if properly taught, will do wonders for the young and coming generation."

Presentation of Bursary
Prior to the address a presentation of great interest took place when Miss Jean Harvey, of Oak Bay Avenue, was awarded a bursary from the club of \$75, placed in a carved wooden box, and presented by Mr. G. H. Deane, Municipal Inspector of Schools, on behalf of the members.

Mr. Deane, in making the presentation, spoke of the excellent work achieved by Miss Harvey, who is an Oak Bay High School graduate, and is the highest matriculant in the Province and winner of the Governor-General's gold medal. "I am sure," concluded Mr. Deane, "Miss Harvey will always be worthy of the honor you have placed upon her."

Mrs. Margaret Jenkins, president of the club, spoke a few words in which she congratulated Miss Harvey upon her attainment, spoke of the interest the club will take in her career, and finally congratulated Mr. Deane, of the Oak Bay High School, who was present at the meeting. Miss Liddle Watkins sang two solos, and was accompanied by Mrs. Charles Conyers, after which Mrs. Jenkins introduced the speaker of the day, Mrs. Dabney, of Seattle.

GOVERNMENT BACKERS IN SAANICH GATHER

Meeting at Royal Oak Chooses Officers and Names Delegates to Duncan Convention—Thanks to Mr. McIntosh

The Saanich and Oak Bay supporters of the National Liberal and Conservative party organized last night at a meeting held in the Royal Oak Hall. There were about seventy-five people present.

Delegates were appointed to the Duncan convention for the riding. It was the feeling of the meeting that if no suitable candidate made his appearance the Saanich representatives should endeavor to have the convention postponed in order that further time might be had in which to get better material in the field.

A resolution was passed thanking Mr. J. C. McIntosh, the retiring member for Nanaimo, for his untiring services. It was also evidently the desire of the gathering, judging by expressions of opinion, that Mr. McIntosh stand again, but this was not included in the resolution. No new names of possible candidates came out at the gathering.

The officers elected for the Saanich organization were: Honorary president, Hon. A. McElroy; first honorary vice-president, Mr. J. C. McIntosh; second honorary vice-president, Mr. M. P. Gordon; president, Mr. F. Quick; first vice-president, Mr. Randall; second vice-president, Mr. R. Clark; secretary, Mr. J. H. Owen; treasurer, Mr. T. Ash; auditors, Messrs. W. O. Wallace and T. Raper. The delegates chosen for the Duncan convention were Messrs. Randall, Combe and Quick; and Messrs. T. Raper, R. Clark, H. Hastings, F. Quick, George, J. H. Owen, W. O. Wallace and W. Wallace.

FIRE PROTECTION CONVENTION TOPIC

Continued from Page 1

are actually less than any other successful business employing such large capital and doing business in so many different parts of the country. In 1920 profits had averaged less than four per cent for the whole of the United States and Canada. Such small profits having made the financial hazard of investors in fire insurance companies very great. In the past fifty years no less than eighty per cent of companies doing business had failed or retired from business, so it was a fair assumption that rates in general had not been higher than the fire hazard carrying charges. However, there had been propaganda spread prejudicial to the business. It was his opinion that this propaganda was based upon politics, that the cheap insurance cry prevailing in the United States is purely the work of carpet-bag politicians.

Rates and Profits
Pointing to the absolute necessity of insurance carried on along sound business lines, and the fact that rates and profits depend on the moral and physical hazard insured, and the best way to reduce rates and limit profits is by reducing the physical hazard, Mr. Campbell stressed the importance of fire prevention, though, in this country, the agent, generally speaking, was too busy selling real estate to studying the full requirements of the title he assumed. The real agent should save the interests of the property owner by carefully checking his insurable value, by frequent inspection and recommendations that would reduce the fire hazard, lessen the rate and reduce premium income. The agent should be an essential factor in fire protection. The agent who did not regularly inspect and report upon the property he insured was a menace to the community, and the man who placed insurance with such an agent was lacking in business foresight.

Enumerating the various causes of fire recognized by insurance companies, Mr. Campbell stated that according to the United States Statistics last year exceeded \$200,000,000, while the actual pay-roll losses were ten times that amount. He held that fire prevention can only be accomplished by education, which would reach the insuring public on the one hand and a direct course of instruction for those engaged in the business of fire prevention. In this work the fire insurance companies were doing much good work. The up-to-date fire prevention man judged a fire chief and his staff by his ability to prevent the origin of fire, by the number and character of his inspections and other preventive work. By the underwriters' laboratories, inaugurated by the companies, adequate fire-fighting appliances have been made available, and while to some extent the regulations have been arbitrary, in the main they have proved a boon to the mercantile world and a conservator of human life. Mr. Campbell recommended instructional courses in fire prevention for fire halls, insurance agents' associations, chambers of commerce, adequate fire-fighting appliances have been made available, and while to some extent the regulations have been arbitrary, in the main they have proved a boon to the mercantile world and a conservator of human life.

Over-Insurance
The paper of Mr. Campbell started a lengthy discussion, in the course of which several delegates roundly criticized companies and agents for the practice of over-insuring, assuring that that was one leading cause of fires. It was admitted that many companies were ready to cancel such risks, but the fact of over-insurance was drawn to the attention, but it was held that it should not be the duty of the fire chief to have to inspect and report upon risks through legislation, which would make it as great an offence for an agent or company to over-insure as it is for a person to commit arson.

"We must get the legislatures to act," declared Chief Stevens, "that is reasonable."
"No, the insurance companies won't let the legislatures act," came the response from a delegate, and other delegates favored laws prohibiting an agent or company insuring risks over a certain percentage of its value.

The suggestion was made that the matter might be allowed to stand over for a year and in the meantime every phase of it be studied, but Chief Murphy, San Francisco, declared the association should be progressive and he was convinced public sentiment could be aroused on the matter.

Finally the committee was named to make recommendations at tomorrow morning's session.

A short talk on the subject of "Building Safeguards as an Aid to Fire Prevention" was given by Mr. J. A. Thomas, Provincial fire prevention officer, whose tribute to Chief Carlisle, of Vancouver, was received with hearty applause. He cited a number of instances of fire in which, besides serious financial loss, there had also been loss of life, and he went at length into the question of the old wooden buildings and the jointed brick construction, the two most serious risks confronting the fire chief in the smaller towns. It was surprising what a little thing would provide prevention, he stated, and he discussed the various defects more likely to be found in buildings of such construction and the best methods of remedying them. His recommendations being along practical lines illustrated by actual cases where such means had been lacking.

Hearty words of thanks were extended Mr. Campbell and Mr. Thomas as for their addresses. A committee composed of Roy Lamoine, of Richmond; Fred Wood, of Seattle, and Charles Taber, of San Francisco, was named to act as judges in the Thomas H. Jones competition, for which a handsome cup has been donated by the movie picture magazine, of Los Angeles, to the city holding the best fire protection record for the past year.

The delegates registered up to yesterday afternoon were as follows, and others will arrive this morning: United States—Harry W. Bragg,

best, Seattle; Thomas Murphy, San Francisco; C. P. Lee, Portland, Ore.; Joseph Schaefer, Mount Vernon; H. R. Hawcroft, Reno; W. T. Moore, South Bend; Thomas Coates, Tillamook, Ore.; R. F. Dowell, Portland, Ore.; George M. Mantor, Seattle; William Metz, Walla Walla; C. L. Thompson, Tacoma; C. W. Rapp, Logan, Utah; George Dewar, Havre, Mont.; Ray Lemoine, Richmond, Cal.; W. R. M. Hinkley, Hillsboro; C. A. Taber, San Francisco; Charles Collins and Emery Kell, Anacosta, Mont.; T. J. Evans, Newark, Ohio; Sam McCulloch, Roslyn, Wash.; C. P. Ryan, Camp Lewis; G. Kelley, Cle Elum, Wash.; C. M. Hinkley, Hillsboro, Cal.; C. L. Thomas, Fire Alarm Department, Tacoma; G. S. Asbury, Winnemucca, Nev.; W. R. Shaber, Sparks, Nev.; M. D. Pemblyn, Aberdeen, Wash.; E. R. Lint, Bremerton, Wash.; Claude Hoffman, Coeur d'Alene, Idaho; E. D. Drink, Coeur d'Alene, Idaho; J. F. King, Puyallup; C. E. Butts, Seagrave County, Seattle; J. C. Roy, Wallace, Idaho; H. E. Hawkins, Yakima; R. C. Folk, Tacoma; V. English, Raymond, Wash.; R. H. Gibbhart, Raymond; E. Lyons, Snohomish.

Canadian delegates—F. I. Boyd, Nelson; J. A. Little, Saanich; A. M. Whyte, Alberni; W. E. Clark, South Vancouver; John Syme, Oak Bay; W. A. White, Port Alberni; J. H. Carlisle, Vancouver; Wm. Murphy, North Vancouver; A. Munroe, Victoria; J. A. Thomas, Fire Prevention Officer for British Columbia; T. E. Banks, Cumberland; J. P. Moffat, Vernon; J. McNicholas, Ferrie; A. A. McDonald, representing Laffra Fire Engine Co., Vancouver; D. H. McDonald, Prince Rupert; Douglas McGregor, Victoria; F. F. Dowling, Vancouver; Frank Rayner, Point Grey; Vernon W. Stewart, Victoria; S. McDonald, Port Alberni; R. A. Simons, of Vancouver, and W. A. Warren, Victoria, representatives of the Gutta Percha & Rubber Company; D. Gardner, Powell River; T. B. Ross, of T. B. Ross & Co., Ltd., of Victoria, London, and Liverpool, representing Leyland Motors, Limited, manufacturers of fire engines and motor equipment; James Smart, Calgary, president Dominion Fire Chiefs' Association.

This afternoon the delegates and their wives will be taken for a motor trip over the Malahat Drive, leaving the City Hall at 1:30 o'clock. Tonight they will be the guests of the local Firemen's Recreation Club at a dance at fire headquarters. Tomorrow evening the visitors will visit the Astrophysical Observatory on Little Bear Mountain where Director J. A. Plaukett will explain the working of the great telescope. Motors will leave the City Hall at 7:15 o'clock. On Friday afternoon a visit will be made to Butchart's gardens, and on Friday evening the ladies will be entertained to a theatre party.

To insure positive accommodations, definite reservations before arrival is advised. Mutilated and lost passes the hotel. Stewart Bus movie trains and steamers. Chas. A. and Margaret Stewart, Props.

Chief Vernon Stewart and Deputy Chief A. Munroe are kept busy. They are being assisted by members of the Board of Fire Wardens, composed of Aldermen W. F. Fullerton, George Sangster and A. M. Aitken.

Lulu Island Dwelling Burned
STEVESTON, B. C., Sept. 27.—Early this morning fire broke out at the home of Mr. Holt, No. 3 Road, Lulu Island, and the building was completely destroyed. Mr. Holt and three members of his family escaped in their night clothes. The damage is estimated at \$2,000.

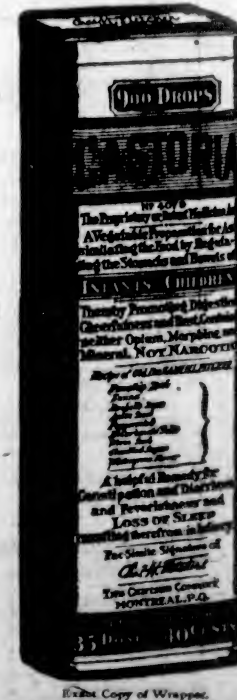

Hawaiian sugar planters offer to pay transportation to the islands of all Filipinos in the Pacific Northwest who are out of work.

Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself without consulting a physician.

Children Cry For Fletcher's CASTORIA

Have You Tried It?

Everybody has read the above headline; how many believe it? Have you a little one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it.

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is complete—from pain to pleasure. Try it.

You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

MOTORS IN COLLISION

Mr. Reginald Manser, of 2463 Florence Street, was hurried to the pavement, but other occupants of Motors Not Badly Injured

Mr. Reginald Manser, of 2463 Florence Street, was hurried to the pavement, but other occupants of Motors Not Badly Injured

Mr. Manser was turning out of Florence Street onto Cadboro Bay

Road when the other car appeared directly in front. Mr. Smith attempted to turn out to the right to avoid a collision but his car struck the other, a lighter vehicle, on the side turning it completely around. Mr. Manser was thrown to the street but the ladies, while severely shaken, remained in their seat. After striking the other car, Mr. Smith's car kept on its way for about sixty feet, dashing across the roadway and climbing onto the sidewalk and narrowly missing crashing through a store front. In striking the curb the front wheels of his car were badly damaged. Mr. Manser's car suffered the loss of a front wheel and the body was badly damaged. Dr. Bepko was summoned and Mr. Manser and the ladies taken to their homes.

Wanderers Are Again
Gathering Up Players

Old Victoria Rugby Team to Be Once More in the Field to Maintain Its Football Honors
—Scope of Membership in the Club Has Been Widened

The Wanderers' Rugby Football Club, which Rugby enthusiasts of pre-war days in Victoria will always associate with the old Balmoral Hotel, and the handful of Old Countrymen who used to occupy the various rooms and adjuncts of that establishment, is again collecting its scattered members for another season, and a general meeting was held on Monday, September 12. Judging from the size and enthusiasm of this meeting, the old club looks like getting back to its former standing as a rugged team. There were a number of new faces, and the younger element seems to be coming in to average down the ages of some of the older members of the club.

There has been a bit of alteration in the club this year, as a great many of last year's players have left Victoria; but Dr. Scott-Moncrieff has again been asked to retain the president's chair. Gillespie, who was expelled from expelling the team in favor of Acland, who will carry on the work of secretary. McCallum was elected vice-captain. The club colors have also been changed to avoid the confusion of last year, they being now all white, with red stockings.

The general status of the membership is also changing, owing to the different conditions now prevailing in the football circles of Victoria, and the original idea of confining the membership to Old Country public school boys has now given way to a broader outlook, for the betterment of the game in the city. The club was originally formed to give the British public school boys, who had learnt his rugby at the age of twelve or thirteen, a chance to continue the game in this country; and, as often happened, the opportunity of meeting friends of his school and variety days, whom otherwise might never have met again, or even known of their existence in this part of the world.

War Took Its Toll
The war, however, took its toll of the members, and many of those who did come back were handicapped in various ways, the most serious of which being the extra five or six years which they were carrying. There was, however, an effort made in 1919 to get the club going again; and recognizing the fact that most men who played rugby had been members of a very much bigger school for the previous five years, the standing of the club was changed to include everyone who could play, although preference was then given to Old Countrymen; and the club carried on in this altered but improved form, and managed to retain its position at the head of the league.

In 1920, there was a feeling that rugby in Victoria was going to languish for lack of younger players, and it was decided that a new club should be formed which would give an opportunity to those who had learnt the game at the University School in Victoria, and who wished to go on playing here. When this club (the University Old Boys) was formed, it took five players from the Wanderers, whose places were filled by younger men, and so the result was obtained, and the average age of teams was getting back to what it should be.

In addition to the birth of this new club, an inter-school league was formed, which produced results very much higher than were at first thought possible; and this season should show results even better than last year's. However, it is not among those who are still able to play for their schools that the clubs look for their members, but among those who have left the High School or University, and it is for these men that the clubs are formed, and on them that the clubs depend for their existence. For the ex-University School boys there is the Old Boys' Club; for the Old Countrymen, the Wanderers were formed, and for those who already take an interest in rowing, swimming, basketball, boxing, etc., there are two associations in Victoria which have rugby teams, the V. I. A. A. and the V. I. A. A., so that a man may have his pick.

Team Never Bentes
There is, however, one strong point which must always be borne in mind. Rugby is a game where team work counts far more than in any other; and a man joining a club should, therefore, always try to get into one where he will find men of his type. The Wanderers have always had that point in view, and as a result the club can show a record of not having been beaten in a league

YANKEES AND GIANTS

SAFE FOR FINALS

Both Teams Can Now Look Back on Nearest Rivals Without Seeing Them Too Close to Them

NEW YORK, Sept. 27.—New York's two major league baseball clubs, Yankees and Giants, breathed easier today than they have for quite a spell. They could look back at their nearest rivals, the Cleveland Indians and the Pittsburgh Pirates, without seeing them so close at their heels.

The Yankees were 15 points ahead of the Cleveland and the Giants had a lead of 25 points over Pittsburgh.

Two more victories out of four games for the Yankees and the pennant will be theirs, even though the Pirates be successful in all their remaining games. If the Yankees win three out of five games left on their schedule, they will be the American League champions, despite a possible clean sweep by the Cleveland Indians in their final four games with Chicago.

The victory of New York over Cleveland yesterday made it three out of four in the "world's series." Featuring the final battle was Ruth's batting, Miller's spectacular fielding and Mays' pitching.

Ruth hit two homers and a double. Miller saved the game for New York in the eighth by a shoestring catch with two runners on base. Mays, who won Sunday's game, relieved Hoyt in the eighth and kept the Indians from scoring. Burns, Cleveland's first baseman, made four hits in five times at bat.

The Philadelphia Nationals' victory over Pittsburgh came just as the New York Nationals were defeating St. Louis. Thus the distance between the Giants and Pirates was widened.

NATIONAL HOCKEY
ASSOCIATION LIKELY

A Governing Body for Professional Hockey to Cover the Dominion May Be Formed Shortly

OTTAWA, Sept. 26.—As a result of recent negotiations and the meeting held at Montreal last Saturday, the Canadian National Professional Hockey Association, a body governing professional hockey from coast to coast will likely be formed within a few weeks. The National Hockey League, the Pacific Hockey Association, through Presidents Calder and Patrick, have renewed their agreements, and the Alberta Hockey Association, better known as the Big Four, has come into the fold. The Alberta league will honor the agreements between the East and West, and will undertake not to negotiate with any players who are under contract to any of the clubs in either of these organizations. Frank Patrick has been appointed to represent the N.H.L. and the Pacific Hockey Association, and will confer with the Westerners at Calgary next week.

Possibly the biggest surprise in connection with last Saturday's peace conference, however, was the announcement that Saskatchewan was also about to emerge from "amateurism" into out-and-out professional hockey.

Under the terms of the tripartite agreement, the Ottawa Hockey Club to this effect, and requested the local representative to lay their claims before the Eastern and Western magnates. It is stated the Saskatchewan league will include Regina, Moose Jaw, Saskatoon and Prince Albert.

One Arbitrator
The appointment of one prominent sportsman to arbitrate and adjust all matters in dispute is suggested by the National Hockey League and the Pacific Coast Hockey Association.

Under the terms of the tripartite agreement, the British Columbia, Alberta and the East, the Coast and Alberta teams will play off about March 1 next, and the winners will come East to play the National League; champions in the world's series. In 1922 the Eastern champions play on the Prairies and the winners then go on to the Coast. Now, however, with hockey Regina hammering at the door, it is possible that the National League winners will be called on the play-off at Winnipeg against the Saskatchewan champions, with the understanding that the survivors would meet the winners of the British Columbia-Alberta matches. In addition to their regulars, the Eastern clubs are allowed to reserve five amateur players who will be immune from Western raids.

Normal Time in New York
NEW YORK, Sept. 26.—New York went back to normal time Sunday after five months of daylight saving, with but little confusion.

QUOTING TOURNAMENT
The usual quoting tournament will be held at the Willows ground on Saturday afternoon at 1 o'clock. A meeting is called for tonight at the Willows at 8 o'clock, to fix dates for the play-off of the league semi-final. A good turnout of members is requested.

An Interesting
Demonstration
at the
Hudson's Bay Co.

JUST now is the logical time in which to brighten up the home ready for the festive season. Possibly the coziness of your home is marred by discolored floors—floors that have been stained and restained several times, resulting in anything but a pleasing effect.

The demonstration that is being held this week at the Hudson's Bay Company shows how anyone can convert such discolored and unsightly floors into ones that will command admiration for their beauty of grain and richness in color effect.

One of the most remarkable features of this is, that this wonderful change can be wrought at small expense and by almost anyone in the family.

All you require is one Bapco Graining Set which costs but 75 cents, in addition to a small tin of Bapco Ground Color, one of Bapco Graining Color and a tin of Bapco Floor Varnish in the shade in which you desire to have your floor finished. The demonstrator will be in attendance in the Paint Section of the Hudson's Bay Company during the remainder of this week.

Sunday School League
Plans Its Basketball

Prospects Bright for Success of S.S. League

Bill Erickson Again Chosen to Head Sunday School Athletic Association—Plans for Basketball Season Announced—Five Separate Divisions—May Form S. S. Hockey League

William (Bill) Erickson was unanimously re-elected president of the Sunday School Athletic Association at the largely-attended annual meeting of that body held last night in the Y.M.C.A., at which delegates from nearly every church in the city were present. Prospects for the coming basketball season were discussed, and arrangements were made for what will probably be the most successful year ever experienced here.

The rest of the season's slate includes the following officials: Vice-president, Aubone Hoyle; general secretary, Hugh Jackson; secretary of the intermediate league, Frank Schroeder; secretary of the ladies' league, Miss Jean Burridge; and treasurer, Douglas Smith, all of whom will constitute the executive of the basketball league as well as the organization.

Basketball Divisions
It was decided to conduct five separate basketball divisions this winter, namely, the senior, intermediate and junior men, and the ladies' A and B sections. Last year a similar number of divisions were conducted with marked success, and the meeting believed that about fifty teams in all would be entered in all the divisions before the league gets under way.

A letter from the Vancouver Athletic Association pointing out that the Mainland athletes are beginning their programme on November 15, was read, and it was thought best to try and start the schedule of the different divisions here on the same date if possible. At the end of the basketball season the Provincial championships, which were up for competition last year, will again be at stake, with the Mainland and local aggregations fighting for the laurels.

The Victoria five were successful in capturing last year's honors against the Mainland quintette, but the latter already have assumed the local enthusiasm that they will be after them at the termination of the schedule, endeavoring to take back the trophies with them to the Terminal City. It is therefore necessary that the local teams be of the very best, in order to prevent the Mainland boys and girls from being able to boast of victory.

Most of the games will, it is announced, be played in the Y. M. C. A. gymnasium, although all the matches in the two ladies' divisions will be decided on the floor of the First Presbyterian Church gymnasium, where all the games in the Ladies' League were played last season.

Entry Forms
Entry forms will shortly be prepared and will be sent to the different Sunday schools in the city. These are asked to fill them out and send them back to the league secretary, Hugh Jackson, as soon as possible in order that the league schedule may be drawn up without unnecessary delay.

Mr. Erickson, the president, in speaking of the coming basketball season, said that he was confident that it would be the biggest that Sunday schools have ever had in Victoria. "Last year we had a very large number of entrants, but considering the enthusiasm so far displayed over the basketball league and the interest being taken by the various churches, I can foresee nothing other than the highest and most successful in our history," Mr. Erickson declared.

The Sunday School Athletic League has decided not to confine its entire attention to basketball, but also to encourage their members to take part in other athletic endeavors. A number of those present last night believed that the organization should conduct a big swimming gala in the near future, the suggestion meeting with the approval of the gathering. The participants in the gala, however, would be members of the different Sunday schools, who would be asked to enter into the inter-school competitions.

Water Gala Committee
A committee consisting of Douglas Smith, Bill Hudson and Stanley Moore was chosen to make arrangements for a water entertainment to be held in the near future. The advisability of entering a team

ENCOURAGE SPORTS FOR HIGH SCHOOL

Teachers, Parents and Representatives of Athletic Bodies Enthusiastically Advocate Development of Athletics

Although but a comparatively small number of the High School students and teachers were represented at the meeting of the Parent-Teachers' Association which was held last evening, a very lively discussion and an unusual amount of interest was aroused over the question of developing sports in connection with the institution. Dr. Higgins presided, and explained the object of the meeting, and among those who took part in the discussion were Mr. Harold Smith, Mr. Cook, two of the teaching staff of the High School, who have already done a great deal to promote athletics and athletic interest among the students; Mr. George Warren, Mr. Spence, of the Elks Club; Mr. H. Cross, of the Y.M.C.A.; Mr. W. H. Davies, V.I.A.A.; Mrs. Graves, who has been an active proponent of the "supervised playground" movement for many years; Mr. Gerald Cross, Mr. A. King; Mr. Butterfield, secretary of boys' work in the Rotary Club; Mr. Jones (of Saanich); Mr. Parfitt, Mr. Tervo and Mr. Halliwell.

Various suggestions were thrown out by different speakers for the creation or revival of interest and activity in the direction of athletic sports in the High School. Dr. Higgins, in introducing the question, intimated that there had been an apathy with regard to sports during the last two or three years, and that the Parent-Teachers' Association should make a definite move to arouse students along these lines. If the required funds were not forthcoming from other sources, then the Parent-Teachers might make it their duty to raise the funds themselves. "Every student in the school should be doing something in the way of athletic sports, and it is to be hoped that in the not very distant future every student will be required to take some form of physical work in connection with his school course," said Dr. Higgins.

Need of Ground
Mr. Harold Smith, an obvious exponent of Rugby, explained that the school grounds were not fitted for this form of sport.

"Our first requirement would be a new field," he told the meeting. This speaker also indicated that it would be necessary to employ a good coach to take charge of sports; teach the teachers, for instance, to teach "up in" Rugby, for instance, to teach this, although on the other hand it would not require any man's whole time. As an outdoor sport it has many advantages over hockey, one of the chief being that it was less expensive; it cost the boys fifty cents every time they went out and played, while hockey cost them a dollar. Mr. Smith corrected the chairman in his reference to the death of sports in the school. There had been last year rather too much basketball played, he believed.

Expensive Hockey
Mr. Cook, the second of the High School instructors to speak, also referred to the expense of hockey, the equipment alone for which cost about \$12. This was too much for all the benefit that was derived from the sport.

"We have one of the best equipped gymnasiums in the city. But where we do need to improve conditions is outside," stated Mr. Cook. Victoria had an ideal climate for track games, which could be played practically the whole year round. Under these conditions it was the greater pity that the High School should be without a proper athletic ground.

Mr. George Warren urged the formation of a High School athletic organization, suggesting a fee of ten cents per month per student. This would bring in a monthly income of \$75 or \$100, which could be used in the purchase of athletic equipment, inter-school and inter-class events on the athletic ground would build up interest, and encourage a healthy spirit of rivalry which would be to the advantage of the school, the individual students and the community at large. This speaker was informed by Mr. Warren that the High School already had an athletic association, but that an inter-school league

METS MEET TONIGHT

An important meeting of the Metropolis Football Club has been called for tonight at 8 o'clock in their clubrooms in the Metropolis Billiard Parlors, Yates Street, at 8 o'clock. The chief business will be the election of a team to represent the club in their opening game on Saturday next. All players and those interested in the team are asked to be present at the gathering tonight.

brought into operation last year had failed to rouse the interest anticipated. For instance, at the initial rugby practice held yesterday afternoon, there had been only fourteen boys present.

Get Board to Help
Mr. Spence, of the Elks Club, urged that the school board be approached on the subject of grounds. They would surely recognize the reasonableness of an appeal on this score. Then, once a sports programme were decided upon, there must be a coach appointed, although he recognized in Messrs. Smith and Cook two enthusiastic teachers who would do all they could to encourage athletics.

"It seems to me a loss to ourselves that Victoria, with its climate, its flourishing population, and this magnificent High School, should not have a more noted athletic standing among its students," said the speaker, in effect. It was the duty of the school board, he thought, to provide the necessary grounds and other facilities.

Mr. H. Cross reported that the Y. M. C. A. was anxious to co-operate with the school in the promotion of athletics in the High School. He would like to see a strong sports team built up in the High School, and a member of the school encouraged to join.

Get a Coach
Mr. Davies endorsed the suggestion re employing a coach. At the meeting of the Pacific Northwest Clubs which he attended recently he had learned the right through this part of the country professional coaches were employed in connection with the schools.

Mr. Graves commended the teachers who had given so much time in past years to the encouragement of sports in the High School. The Parent-Teachers' Association might help to promote the movement by urging the parents to make their children stay after class hours to engage in sports. But something must be done to improve the grounds.

"Clean sport makes a clean body and a clean body makes a clean mind," said Mr. Gerald Cross, another supporter of the proposal for bringing a coach to the High School. Mr. A. King contended that the parents left too much to the teachers. He referred to the advantages of sports in disciplining the students and giving them an idea of the meaning of fair play. Besides, they were better for boys and girls than jarring. Mr. Butterfield and Mr. Jones spoke briefly. Mr. Parfitt thought an organization was the first step.

The discussion crystallized with the adoption by the meeting of the suggestion projected by Mr. Tervo that a matter be left until the appointment of a sports committee of the Parent-Teachers' Association, which will take place at the next meeting of the executive.

WEDNESDAY FOOTBALL LEAGUE OPENS TODAY

Weilers Will Face Spencer's Eleven at Beacon Hill Park—Retail Clerks Vs. Kirkhams at Central Park

The football season will be ushered in this afternoon when the opening of the Wednesday Soccer League will take place. The first game, which is scheduled, the one at Beacon Hill Park between Weilers and Spencer's, with the other fray at Central Park between the Retail Clerks and Kirkhams, will settle the initial argument of the year.

Great keenness in the new league is being taken by local football enthusiasts, who believe that the recent venture in conducting a league on the midweek holiday for those who would otherwise be unable to play at the favored ground, owing to the winter date of playing being Saturday afternoons, will prove an unqualified success.

Mayor Porter has consented to kick off the ball at 3 p.m. sharp at Beacon Hill, and start the two games on their merry way. At the Central Park contest, Mrs. Carl Pendray, wife of the donor of the trophy for which the teams are competing, will boot the ball, announcing the commencement of the Retail Clerks-Kirkhams match, which should be a good game and draw a large crowd.

How the Teams Stand
The line-up of the teams will be somewhat after this order: Weilers—Goal, C. Jelliman; full backs, T. Baker and E. Newman; half-backs, E. Hall, A. Hilton, C. Hilton; forwards, R. Livingston, D. Stewart, T. Hay, J. Hall and T. H. Knappman. Reserves, W. Mason.

Spencer's—Goal, Shrimpton; full backs, Robinson and J. Neary; half-backs, Jaynes, Pinchback, Wilson; forwards, Bywater, Cuskie, Wenda, Ashby and Parnes.

Retail Clerks—Goal, Trewin; full backs, Holtby and Thompson; half-backs, Kierchin, Pollock and Meir; forwards, Greenhill, Graham, Cull, Fletcher and Clark; reserves, Woods and Whitaker.

Kirkhams—Goal, Green; full backs, Campbell and Carter; half-backs, Anderson, Duplain and E. E. E.; forwards, Dewar, Caldwell, Hewson, Johnston and Fitzsimmons.

Attention by master car buffers of a single standard coupler has thrown just 37 different patents into the scrap heap.

MISS LEITCH PLAYS IN UNITED STATES

Lady Holder of French, British and Canadian Titles Covers the Golf Course in Splendid Style

NEW YORK, Sept. 27.—Miss Cecil Leitch, holder of the British, French and Canadian Women's Golf championship titles, played her first game on United States soil today, on a course which had been hitherto closed to women.

In appreciation of the honor accorded her and her sister, Edith, by the St. Andrew's Golf Club, Mount Hope, New York, the British titleholder played her first game and covered the course in 32, nine above par. Paired with Walter Stone against Edith and Archie M. Reid, the club star, Cecil and her partner won by three up in a best-ball foursome.

The British champion gave a splendid exhibition of long and accurate driving, and showed skill and power in all departments of the game. Miss Leitch would have had a lower score had she not hit a ball out of bounds from the fifteenth tee, losing both a stroke and distance under the United States Golf Association rules.

TWO-STAKE EVENTS FEATURE DAY'S CARD

Board of Trade and Chamber of Commerce Prize of \$3,000 in Winnipeg at Grand Circuit

COLUMBUS, Sept. 27.—Two stake events were features of today's Grand Circuit, programs of the Board of Trade \$2,000 race and the Chamber of Commerce \$3,000 trot, each with a purse of \$3,000, being decided as part of a card of three races.

Emma Harvester was installed as the favorite in the \$3,000 trot, but she never was a contender. Kilo Watts trotted two successive heats in 2:04 1/2 to clinch the race.

In spite of Johnny Quirk's victory over Roy Gratton in the King stake a week ago, the latter was made favorite to win the Board of Trade pace, and after dropping the first heat to Johnny Quirk made good. Murphy drove Roy Gratton in 2:01 1/2. The final heat equalled his record of last year.

The \$1,750 furnished a bit of scandal. Hal N. C. A., the winner, having been driven the last heat by C. Valentine, the judges withholding their decision until after the race. Mr. Valentine was awarded \$100 of the winnings of Hal N. C. A. for his drive.

The \$1,750 trot was won by Benjie Worth. The \$2,000 race was a split heat affair, Selka landing the last heat after Bliston had won the first. Peter Manning, slated to run against time today, did not start.

Y. M. C. A. YOUNG MEN GATHER TO ORGANIZE

Supper Last Night First Move in Forming Young Men's Division to Promote Higher Citizenship

To hear plans for the organization of a Young Men's Division in the Y.M.C.A. here, between thirty and fifty young men who are members of the association gathered last evening at supper under the chairmanship of Mr. J. B. Corley, chairman of the young men's division committee. After addresses had been given by Mr. Corley and by Mr. H. A. Corley, boys' work secretary, it was decided to hold a larger gathering next Tuesday evening, when it is anticipated that there will be an attendance of several hundred young men. All men between the ages of eighteen and thirty who are interested are invited to attend. The business meeting will be preceded by a supper which will commence at 6:15. Those attending need not be members of the association.

The purpose of the young men's division would be the making of better citizens, said Mr. Corley. Citizenship was a great heritage that had cost a tremendous sum in labor and in lives. Citizenship did not merely mean being a citizen of Victoria. "Citizenship," declared the speaker, "expresses all we owe to God to country, to family, to community and to our fellows." There were various interpretations of citizenship. Some people considered it only as something that gave protection and opportunity for individual gain. The greatest need of the day was that of a realization of individual civic responsibility.

Mr. Corley knew of no one meaner than the man who bemurdered the men holding public posts but yet refused to exercise the franchise.

Mr. Corley briefly outlined the purpose of the young men's division as that of creating Christian citizenship.

HONOLULU SWIMMERS TO COMPETE LOCALS

Aquatic Gala to Be Held in Swimming Tank With Telegraphic Time Records by Boys

The local Y.M.C.A. and the Central Y.M.C.A. of Honolulu, have closed arrangements for a telegraphic series of junior swimming races to be held in the near future. The races will be held in the respective swimming tanks and the times made telegraphed to each Y.M.C.A. and the winners declared.

The secretary of the local Y.M.C.A. club said that the Honolulu Swimming Club placed the proposal before them and that while such a series of races is a novelty for Victoria it was decided to take hold of the matter at once and complete the arrangements. It was decided to restrict the races to the juniors, as the Honolulu swimmers are believed to outclass any swimming club in this part of the globe. The local juniors are good, however, and little fear is expressed for their performance in the event. Dave Barclay, the British Columbia fifty yard champion is a junior on the Y.M.C.A., and he will take a lot of beating. Further details of the coming gala will be announced by the officials of the local club soon.

AMERICAN SELLS RACERS IN PARIS

Some of Horses Formerly Owned by W. K. Vanderbilt are Sold at Auction at Low Figure

PARIS, Sept. 27.—Sale at auction today of thirty-two horses belonging to the racing stable of A. K. Macomber, American sportsman, who purchased a number of the horses of the late W. K. Vanderbilt and who has won marked success on the French turf this season, netted only about \$60,000 francs, much below expectations of horsemen.

E. Manquerado, a 3-year-old by Easy-Manquerado, brought top price of the animals in training, fetching \$5,000 francs, Baiman, by Mainten-

WIRELESS DEVICES TO GUARD ALASKA COASTS

Eight Radio Beacons Will Be
Built in North to Guide Ship-
ping at Sea—First Now
Building

JUNEAU, Alaska, Sept. 27.—Many dangers, hidden in ocean "graveyards" along Alaska's coast, are to be removed by eight radio naval compass stations which will be built during the next four years. From the stations ships at sea can get their bearings and in fog and storms can proceed safely along the coast.

One station being built this summer is at Cape Sabine Point, Yakobi Island, where ships from Southwest Alaska enter the Inside Passage southbound to Seattle. In the past ships have lost many days waiting for thick weather to clear up so they could get past Cape Sabine Point and into Cross Sound. When the station is in operation they will be able to pick up the entrance to Cross Sound by wireless.

Another station now under consideration is at Cape Hinchinbrook, at the entrance to Prince William Sound, on which Valdez and other Southwestern Alaskan points are located.

According to present plans the Soapstone station will be opened next October, after a crew of trained men is assembled and tests are made with ships at sea. The Cape Hinchinbrook station will be completed later.

Care is being taken in construction of living quarters for the men at the stations, for the points are isolated and the Government is trying to offset some of the disadvantages by attractive housing. There will be a dormitory, bath, electric lights, and other facilities. Both stations are to be built each year until the eight are completed.

OWNERS OF CLANSMAN SUE CANADIAN PACIFIC

VANCOUVER, Sept. 27.—Trial has commenced in the Supreme Court before Mr. Justice Clement of the action of the Coast Steamship Company, Limited, against the Canadian Pacific Railway Company.

Counsel are Mr. Hume B. Robinson and Mr. W. S. Lane for the plaintiff, and Mr. J. E. McMillen and Mr. M. M. Green for the defendant. The litigation concerns the plaintiff company's steamer Clansman,

which on November 8, 1920, while at C.P.R. pier 11, grounded, overturned and filled with water. It is charged by the vessel's owners that the Clansman, following her arrival here with a cargo of herring for the ocean-going steamer Arabia Maru, was moved from the north end of the pier to a berth near shore. This moving, it is alleged, was in consequence of instructions given by a C.P.R. official. The Clansman's former berth was required for the Admiral Seabee. The trouble was caused, according to the plaintiff, through there being insufficient water for the Clansman after the tide had fallen.

The plaintiff asks the court to award it \$1,835 damages against the C.P.R.

The defense is that the accident was due to the negligence of the Clansman's own officers, that the vessel's lines had been made too tight, and did not allow for the falling tide. It is also alleged that the Clansman was overloaded.

STEAMSHIP LINES LOOK TO MONTREAL

Several New Liners Will Be
Placed on Atlantic Route to
Canada—The Cunard Line
Returning

MONTREAL, Sept. 27.—The first of the big post-war liners which were built to replace those of the Montreal line were sunk during the war and the line is now looking for a new ship to replace them. The line is looking for a new ship to replace them.

She will have a tonnage of 14,000 tons and will be one of the largest boats coming here, and will also be the first oil-burning liner to run to Montreal. Her advent marks a new era in liner competition to this port, and she will place the Montreal-Glasgow service on a higher basis than ever in the best of pre-war days.

Cable advices to the Robert Reford Company also state that after an absence of several years the Cunard Line will return to Montreal, where the followers of the company are legion. The Cunard's Montreal service is also to be re-opened with new liners, oil-burners of the latest type and reviving the names of war victims well known to this city, namely, the Australia and the Andania. The latter line was launched on March 22 last and she is assigned for the Montreal service next summer. She is 585 feet long, with a tonnage of 13,000.

In addition to the three liners mentioned the White Star Line has two more also booked for the Montreal run in 1922, namely, the Doric and Regina, and the Canadian Pacific has in addition to the new oil-burners, the Montcalm and Montrose of the "M" class. The tourist traffic out of this port in 1922 is, therefore, expected to be unprecedentedly keen.

Regina Libel Suit Falls

REGINA, Sept. 27.—The Leader Publishing Company, the City of Regina, the chief of police, the licence inspector and the mayor and aldermen were completely vindicated of any charges of libel by Mr. Justice Bigelow in the court of King's Bench Monday at the conclusion of the hearing of the action brought against them by John McCarthy.

FOUR-DAY SERVICE BRITAIN TO CANADA

Fast Passage Forecasted by
Canadian Chamber of Com-
merce in London—Part of
Imperial Plan

LONDON, Sept. 27.—The new service of steamships bringing Canada four days from the United Kingdom is on the way to becoming an accomplished fact, says an announcement issued to the London newspapers by the recently formed Canadian Chamber of Commerce, of which Sir Mackenzie Brown, of the Canadian Pacific Railway Company, is president, and Grant Morden, of the Canada Steamship Lines, is vice-president.

The financial editor of The Times remarks that this fast transatlantic service between Canada and Great Britain, forms part of the plan submitted by the Imperial Shipping Committee. Doubts have been expressed regarding the realization of this plan unless it was launched and supported by one or more of the Governments of the British Dominions.

MANILA MARU SAILS OUTBOUND THURSDAY

The Osaka Shosen Kaisha steamship Manila Maru sails outbound from this port Thursday for Oriental ports. The vessel has been loading at British Columbia and Puget Sound, and is taking out the customary full cargo on the westbound trip.

Incoming liners are led by the Makura from Australia and New Zealand, due on Saturday at the earliest. The Admiral Line vessel follows on Sunday, and the Canadian Pacific steamship Empress of Asia on Monday.

TANKER ABOUT READY TO RETURN SOUTH

The Standard Oil tanker Caddo, which has been at Yarrow under-going repairs for the past six weeks, will be floated out of the drydock this morning. She will be at the Equilmait yard for a few days yet before proceeding south to San Francisco. A great deal of general repair work has been carried out aboard the vessel during the period she has been here. On her return to the Golden Gate it is expected she will be tied up. A small fleet of idle tankers is assembling at San Francisco, the latest to be returned being the Ben Brewster, on her return from Iloilo, Burdard Inlet, some days ago.

Oregon Bank Robbed

SALEM, Ore., Sept. 27.—The Bank of Jefferson, at Jefferson, Ore., a few miles north of Salem, was robbed this morning of \$3,200. An unknown man entered the bank at 10:15 o'clock, shortly after its opening, and, covering the clerk, who was alone, with a revolver, locked him in the vault, made away with a drawer of currency and change.

PREMIER LAYS DOWN HIS CAMPAIGN LINES IN HIS HOME TOWN

Continued from Page 3

votes at this election. You can have protection, or you can have no protection whatever, and that is what England had for many years until just recently. Those two alternatives you can choose from, but you certainly cannot have on one side a discriminatory, contented system that penalizes and probably destroys over half the vital industries of the country and then pretend to leave the others untouched. What we have to decide is this: Are we going to continue the protective system of this country, or are we not? That is the question, and that is the whole question, and the great big necessary thing is that every voter in this country from the Yukon to Halifax knows that this is the question he or she is deciding when he or she votes in this great contest.

Country's Opinion

"There never was a time when the people of Canada were more over- whelmingly in favor of maintaining a protective system for this country than they are today. If the people wanted any other kind of a tariff, surely the speeches just delivered in Que- bec by Mr. Lemieux, the speeches of Mr. Taschereau, the speeches of Mr. Fielding, the speeches of Dr. Beaudet, the speeches of practically every man who two years ago led the Liberal convention in framing that platform, would be convinced of the truth of this.

"To start in at this date to revise Canada's tariff policy and abandon the protective system would be, to my mind, as obvious and arrogant folly as was the policy committed by an intelligent nation."

More than any other country, Canada needed a protective system. She was a young country, mostly undeveloped. She lay alongside a great big country tremendously developed. The United States had every advantage that Canada had and tremendous advantages besides. It surely followed, to the mind of every reasonable man, that to abandon the protective system in Canada would be simply to invite the absorption of Canadian industry by the vast in- dustries of the United States. The principles of the protection of Cana- dian industry had been proclaimed by practically every statesman who had shouldered the responsibility of government in Canada. They were sound, and they were right, and the vast mass of the people of Canada knew that they were sound and right.

One-sided

Canada was asked by the Wood- Cree platform to throw down tariff walls. This in a time when the United States was selling nearly eight hundred million dollars worth of goods to Canada every year, while, at the same time buying from Canada just a little over half that amount. Canada used to pay the balance, when it was far less, by borrowing the money in London. Now, she actually had to buy the American dollars in New York and pay our balances over there. The result was that for two or three years back Canada had to pay 112 cents for every American dollar. This meant that Canada had to pay them in exchange, in other words, she had to give up 12 per cent of her goods to get the American dollar. This meant that Canada had to pay to get her goods in the most direct way to the ultimate consumer. Anyone who thought that a reciprocity pact with a big competitor would be lasting was leaning on a reed.

Canada today had anything but a high tariff. It averaged less than 15 per cent on all goods imported, and about 21 per cent on dutiable goods alone. On farm implements the cus- toms duty averaged only 14.6 per cent, the lowest of all the schedules of the tariff.

Public Expenditure

There had lately been talk of public expenditure being too high. The facts were that, outside all the extra ex- penditure due to war, the cost of running the Government of Canada was very close to \$110,000,000, as compared with \$115,000,000 as long as ten years ago. An increase of less than two per cent. Was there a single city or government in the country whose expenditure had not in- creased more than 20 per cent in those ten years? Everything cost more. But by reasons of ruthless economy the Government had managed to keep the normal expenditure virtually where it was ten years ago. Yet the whole people were asked to listen to appeals for economy from the mouths of those who all but wasted five hundred millions on transcontinental railways that were not needed and should not have been built.

He had not heard that Mr. Crear's conferees in the Government of Ontario had started the world with their economy.

Not Consistent

Mr. Crear, in his platform, was com- mitted to buy out the Canadian Pacific Railway and all the coal mines of the country. It was not quite clear how Mr. Crear would follow out that policy and at the same time reduce the public debt.

Never was opposition so bereft of a case or a complaint. They did not know, Mr. Hughes said, which way to look for a case against the Government. Canada had just gone through a great war. Millions of money had to be ex- pended. And one remarkable fact stood out after all those critical years. The whole expenditure made for purposes of war, peace and reconstruction had been open to the inquiry of the public accounts committee, a joint committee of Parliament composed of men of all shades of opinion. The committee could make the most thorough inquiry into every single item of expenditure, yet the Government stood today without even a serious challenge from that committee on any item in those ex- penditures. Some years the opposition never even called the committee together. For several years back there had never been even a minority report calling in question any item of expenditure. Certainly there had been nothing com- parable with the expenditure during the war in the history of the Dominion.

Drowned Near Madoc

RELEVILLE, Ont., Sept. 27.— Fred Allen, 17, son of William Allen, of Allen Settlement, near Madoc, Ont., was drowned in Madoc Lake Sunday afternoon while crossing in a boat with two companions, the boat capsizing.

Found Dead in Hotel

TORONTO, Sept. 27.—Joseph E. Irvine, a wealthy and well-known business man of Ottawa, and a representative of the Portland Cement Company, was found dead in a room in a local hotel yesterday afternoon.

DOMINION WILL OPEN ON MONDAY

Cecil De Mille's Super-Special,
"The Affairs of Anatol,"
Will Be Feature of Reopen-
ing Next Week

What is declared to be unquestionably the biggest, finest and most lavish production of the 1921 motion picture season, by noted motion picture critic all over the country, is Cecil B. De Mille's wonder production, "The Affairs of Anatol," which, incidentally, is the first of a series of special productions that the management of the Dominion Theatre has been able to secure for its patrons for the Winter Season. The management of this popular house has always aimed to get the very best of the motion pictures on the market, and feels sure that this production will uphold the record for Paramount entertainment that has always been the motto of this house.

Patrons will find on visiting this popular play house many charming alterations that will tend greatly to the comfort and convenience of the theatre going public. The Dominion will now be as modern and comfortable in every respect as the newest and most up-to-date picture houses. "The Affairs of Anatol" is a Paramount production and is interpreted by an unusual galaxy of stars, very well known to all of the patrons of the Dominion Theatre. The story is filled with humor, as well as thrills, and the settings and sumptuousness of the entire production do credit to Cecil B. De Mille, whose name on a production stamps it as the very best. The going down by the stars are a veritable fashion display. The cast is in the hands of Gloria Swanson, Wallace Reid, Agnes Ayres, Theodore Roberts, Babe Daniels, Theodore Koffelt, Wanda Hawley, Elliott Dexter, Julia Faye, Monte Blue and several minor stars.

VARIETY A little yellow dog called "Monkey" has done the thing that many girls long to do these days—he has broken into the movies. New Monk—that's his nickname—is just a dog of the common mongrel type. He has shaggy eyebrows, whiskers on his jaw and a long tail, but his physical characteristics did not hinder him from becoming one of the stars in Dorothy Dalton's latest Paramount picture, "The Idol of the North," a story of the Canadian woods, which is at the Variety Theatre. Monk hasn't been in the movies long, but he has reached the heights. He has shared scenes with Miss Dalton and she does his work with finesse, which he speaks an innate training for the screen. The sudden elevation to near stardom turned Monk's head slightly. He became a bit "up stage"—as the saying goes—and affected quite a case of temperance.

CAPITOL When Betty Compton's first Paramount picture, "At the End of the World," which will be shown at the Capitol Theatre all week, was well under way the beautiful young star was attacked with old-fashioned measles and production activities were halted for some days until she was convalescent and able to resume work in the picture. Happily, however, Miss Compton showed no ill effects from her illness and her work

ESQUIMALT FRIENDS OF GOVERNMENT TO MEET

Meeting Called for Friday at
Lampson School to Organize
National Liberal and Con-
servative Association

Organization of a National Liberal and Conservative Association for Esquimalt in support of the Meighen administration will be undertaken at a meeting of electors of the riding to be held on Friday evening at the Lampson Street school. Officers will be elected and plans laid to carry on the contest in the coming federal campaign. Delegates will also be named to attend the coming party convention for the Nanaimo riding. It is expected there will be a large turnout of supporters of the Government.

With the formal organization of the National Liberal and Conservative Association of Esquimalt on Monday night at the Alexandra Hall, the supporters of Hon. R. F. Toole, Minister of Agriculture and candidate of the Meighen Government in Victoria, are wasting no time in getting down to real organization work. Arrangements will be made for early meetings of the various ward members of the association to the end that these ward organizations may be formed, officers and committees elected and the ward representatives on the central executive chosen. Within the next few days the membership of the association will have materially increased, judging by the applications which are now being received.

Mr. Logan, Provincial organizer for the National Liberal and Conservative party, is in the city conferring with the heads of the local body and preparing for the coming campaign. Pending the meeting of the Victoria Liberal Association to be held next Tuesday evening, at which the date of the forthcoming Liberal nominating convention will be fixed, activity in local Liberal ranks has somewhat abated. At this meeting it is expected that Premier Oliver, Hon. John Hart and other members of the Provincial cabinet will be present and speak, and a grand rally of local Liberals is looked for.

The Young Liberals of Victoria did not turn out in sufficient numbers at the meeting called last night to warrant the business scheduled for the gathering being proceeded with, and an adjournment was taken until next Tuesday night, when organization of the Junior Liberal Association will be proceeded with and plans for participation in the Federal election will be perfected, officers elected and other business transacted.

The National Liberal and Conservative Association of Vancouver Centre will hold its nominating convention on Friday night, when Hon. H. H. Stevens, the newly-appointed Minister of Trade and Commerce, will be given a great reception. Vancouver Centre Liberals will also on the same evening name a candidate to contest the riding against Hon. Mr. Stevens. A great reception will be given to Mr. Stevens, who is expected to be Mr. J. I. Richardson, a former British leader, but for some years past a resident of Vancouver. Mr. J. I. Richardson is reported to be a likely selection of the Farmers' party in that riding.

To the list of names of those selected at Monday night's meeting of the National Liberal and Conservative Association to form part of the general executive committee there should be added the name of Mr. J. A. Atkinson, which was omitted from the published list.

PROGRAMME OF RECITAL

Columbia School of Music Had Choice Selection at Opening of Season Entertainment

The following is the full programme rendered at the first of the season's monthly recitals at the Columbia School of Music, Monday night, last: Piano solo, "Angel's Dream," (D'Orsay), Miss Rita Cottrell; piano solo, "Mazurka Caprice," (Borowski), Miss Vera McNaughton; piano solo, "Elphie Ride," (Tchaltkowsky), Miss Dorothy Osborne; vocal solo, "Ave Maria," (Gounod), Mrs. W. Dunlop; piano solo, "Philopoea," (Lange), Miss Mabel Walling; violin duet, "Humoreske," (Dvorak), Mr. J. P. Pullen and Mr. W. S. Howard; piano solo, "Motylech," (Friml), Miss Hazel Clyde; vocal duet, "The Garden of Hesper," (Dorset), Mrs. Todd and Miss Morton; piano solo, "Air de Ballet," (J. Massenet), Miss Hilda Elliott;

as Cherry O'Day, the daughter of a gambling house keeper in Shanghai, China, was unusually effective. The story of the picture, based on a play by Ernst Klein, carries the characters to a lonely lighthouse island "at the end of the world," and the scenes are at times tense and dramatic. Milton Mills is leading man and in the supporting company are Mitchell Lewis, Casson Ferguson, Spottiswoode Aitken, Joseph Kilgour and others. Penrhyn Stanlaw was director.

ROYAL No comedy has attracted VICTORIA more attention than showing at the Royal Victoria Theatre, with Jackie Coogan in the stellar role, according to Manager Denham. Since the first National attraction opened its engagement last Monday scores of letters from ministers, teachers, bankers and persons in all walks of life have been received commenting on the wholesomeness of this interesting and refreshing comedy of boyhood days. The attendance at the theatre has been phenomenal, forcibly demonstrating the fact that the little six-year-old star is one of the most striking personalities on the screen today. Three good short subjects are also shown on the same programme, "Springing in Zealand," Ray Picture, "Lonesome Pup," a Bruce scenic and a two-reel Christie comedy entitled "Let Not Love."

COLUMBIA When George Ade's masterful comedy "The Slim Princess" started its phenomenal stage career, audiences were convulsed by his whimsical conception of an Oriental country where women were esteemed for their weight, and no girl under 200 pounds had much chance of winning a husband. This delightful farce has been pictured with Mabel Normand as the gay little princess whose ninety-eight pounds made her taboo with both sexes, and will be shown here at the Columbia Theatre today for the last time.

SUNDAY CONCERTS TO RUN DURING WINTER

Arrangements Completed for G.W. V.A. Band to Play Weekly at New Capitol Theatre

The G. W. V. A. Band concerts which were such an enjoyable feature of the city's outdoor entertainment on Sunday afternoons during the past Summer are to be continued during the Winter as Sunday evening concerts at the new Capitol Theatre, it is announced by Mr. George J. Dyke, who has been appointed manager for the season.

The band is a thirty-piece one as at present stands, and is under the direction of an excellent leader in Bandmaster Miller. Following the precedent of former years there will be at every Sunday evening recital a number of assisting local artists, and in view of the splendid talent that is available there is every reason to hope that the programmes will come up to any of the best that have been offered in the past by the same organization.

Twenty concerts have been arranged for during the season, and two kinds of season tickets are being issued, the first representing the fee for entrance to the whole series at \$5, the second for half the series at \$2.50. Weekly tickets may also be purchased at any of the music stores.

Due announcement of the date of the opening concert will be given, and it is hoped that the public will give their support from the commencement.

MAYOR LOSES HOPE OF CEMETERY ACTION

Failure of Saanich, Oak Bay
and Esquimalt to Co-operate
Causes Doubt—City May
Act Alone Next Year

Mayor Porter has given up all hope of getting action in the municipal cemetery project this year. The refusal of the municipalities of Oak Bay and Esquimalt to do anything to do with the scheme gave rise to his first doubts, and now the attitude of Saanich has convinced him that no progress will be made this year. The Saanich council has decided to put the issue before the ratepayers in the form of a referendum to be voted on at the annual election. The municipality will then decide whether or not the council shall have power to buy a cemetery site without consulting the ratepayers, and Mayor Porter is worrying about the outcome. Viewed in the light of past experience, the Mayor fears that the ratepayers will not give their representatives in the council the authority that is being asked.

"If Saanich turns the proposal down, that will leave us entirely alone, and we will have to work alone," declared the Mayor yesterday. "We cannot let another year slip by. Reports from Parks Superintendent Farquhar make it plain that we have got to find new burial grounds and find them very soon. If the outside municipalities refuse to go in with us, we will have to establish a cemetery on the same basis as adopted in respect to the Rose Bay and the other municipalities will have to pay the cost."

In the meantime proposals are being made by members of the Cemetery Committee for the adoption of a cemetery on the site of the Rose Bay cemetery inundated with water during the wet periods of the year.

FURTHER CONFERENCE ON UNEMPLOYMENT

Is Intention of Federal Govern-
ment, Says Mr. J. D. Mc-
Niven, Deputy Minister of
Labor, on Return From East

On his return to the city, Mr. J. D. McNiven, Deputy Minister of Labor, who has been in the East, where he attended conferences at Ottawa, Buffalo and Winnipeg on matters pertaining to labor and, especially, to unemployment, announces that the federal authorities are contemplating calling a meeting at Ottawa, during October of representatives of the Dominion and Provincial Governments, organized labor, manufacturers' associations and other interested bodies, with a view to considering the best means of meeting the situation.

While at Ottawa Mr. McNiven interviewed Senator Robertson, federal Minister of Labor, who stated that in his opinion some measures must be taken by the authorities in dealing with the unemployed situation during the coming Winter. With this in view it was the Minister's idea that the provincial governments should have a full survey made of the situation within their respective jurisdictions and report thereon to Ottawa. A similar review will be made by the Dominion Department of Labor. Until the reports were in hand, Senator Robertson intimated, it would be impossible to state what the attitude of the federal government would be, but as soon as they were in hand the proposed meeting would be called.

Mr. McNiven has reported upon the result of his trip to Hon. J. W. Duff, Minister of Labor. He states that Senator Robertson himself is in favor of a uniform scheme applicable to all the provinces, one that would have a tendency of preventing any undue accumulation of unemployment in any one locality.

In connection with this intention of

Do you discriminate at the dining table—or are you thoughtless?

In thousands of homes, a "line" is drawn at the breakfast table. Tea or coffee is served for "grown-ups" and Postum for children. But some parents do not discriminate. Tannin and caffeine, the injurious contents of tea and coffee, seriously retard the development of the delicate nerve tissues in children.

Consequently, instead of rich, satisfying Postum, children are over stimulated by the drugs in tea and coffee, and so may grow up irritable and nervous. Any doctor can tell you that this is a great evil and should be corrected.

Although some parents feel a certain justification for the personal indulgence in tea and coffee, yet the harm to them may be equally serious. It may take a little while longer for the drugs in tea and coffee to affect an older person, but in many cases the nervous system and allied bodily functions will become weakened. The surest way to avoid such possibilities is to quit tea and coffee entirely and drink Postum instead. The change permits you to get sound, restful sleep.

Postum is the well-known, meal-time beverage. Like thousands of others you will like it because, in flavor, it is delightful and satisfying.

Do away with the distinction at the table. Serve delicious Postum, piping hot, to all the family. One week's trial and it is likely that you'll never return to tea and coffee.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum Cereal (in package) of larger bulk, for those who prefer to make the drink while the meal is being prepared, made by boiling for 30 minutes.

Postum for Health "There's a Reason"

The Utmost in Beauty and Service

the federal government, Hon. Mr. Farris has issued a statement to the effect that he is greatly disappointed at the delay in dealing with the unemployment problem, and he holds that British Columbia has done all it can to press the urgency of the situation which, in British Columbia is especially serious, he considers, because of the tendency of the unemployed to congregate in the Coast cities. He feels that the problem is a national one which should be dealt with jointly by all the governments, federal and provincial.

Hon. Mr. Farris stated that according to Mr. McNiven's report the un-

employment situation all over the Dominion is serious and is likely to become more acute as the Winter progresses.

There are 49,000 drug stores in the United States.
